SOME SMILES

Truthful

You must understand my feelings in this matter. Under no condition whatsoever are you to ever tell an untruth. And I mean what I say. From this minute on. You will find that you will never have anything on your conscience. You will have a much better attitude towards life.

I know I have made myself clear. That is all I have to say about the subject. The phone is ringing, dear Guess it is for you. So answer it. Why did you put your hand over the mouth piece? What? That fool Bob is on the other end. Wants to get me for a game of golf? I can t stand the sight of him. Tell him I just left the house. And you know I wanted to play golf. An important business appointment

.....

Miss the Joke?

You are with a group of ten people. Each is telling a joke Then it is your turn. You tell what you think is your best joke Nine of the ten laugh. What about the tenth? One look at his good nice face and you realize he missed the point of the joke. Jim Gordon, the circus press agent tells this one:

As a bit of publicity in a small town, I inserted the following ad in the local newspaper: Wanted, a good looking young man Should be able to take over for the iron tamer during the evening performances. Able to do the high dive in the water tank blind-folded. Must be able to smile while he walks over burning coals in his two bare feet. Should be able to juggle six clubs with his left hand while he juggles five clubs with his right hand When our leading clown is away, he should be able to go through the clown's routine without a hitch

This young fellow comes to my office.

I want this job right now. I don't care about the salary. he tells me. "I have had no experiences at all. But I am willing to learn."

What could I do? I hired him! Now he's my son-in-law and partner.

How Long?

He was an american tourist making his first trip to that country. He knew that his great great grandfather had come to America from that country. And on a sheet of paper he had the name of the village where his ancestor had been born. He left his hotel early in the morning. Armed with a dictionary so that he could make an attempt to speak to whomever he met.

He walked slowly along the dirt road which he had been told would take him to the village. A man, fairly well dressed, crossed a field and soon was near him on the road. He did his best to express his thoughts in the language.

"I speak english," smiled the man. "In our technical college we all must study it. So what is it you want from me?"

In english the tourist explained his destination. And then asked how long it would take to get to that village? The man said nothing but walked alongside of him. Then he held up his hand and uttered one word:

'Stop!"

Which the american did. Then the man took out a pen and a sheet of paper. He made some calculations and then spoke to the american.

"It will take you seventeen minutes and thirty five seconds to get to your destination. I leave you now. Continue and you will see the sign with the name of the village on it."

"But what were all these calcualtions about?" he asked.

"I am a graduate engineer," was the answer. "First I had to figure out the length of your pace and your time for each pace.

The rest was simple. Enjoy your trip."

Never finished high school?

Now you can get a diploma without going back

You already know why it's important to have a high school education. You've probably learned the hard way that it can be pretty difficult to get the kind of job you want without one. No matter how hard you're willing to work.

What can you do about it?

Maybe you've thought of trying again to get a diploma. But you've suffered enough classroom "battle fatigue" to last you a lifetime. So you'd hate to travel that route again even if you could.

But what if we told you that there was now a much better way to get a high school education? An adult way, which gives you regular high school subjects and your choice of practical vocational subjects which help you get started in one of a number of profitable fields.

That's the unique Wayne School way. You do your reading and assignments in your spare time, in the relaxed atmosphere of your own home, and "turn in" your completed assignments by mail. You don't have to give up your present job. You don't have to study or travel to class at inconvenient times.

And you needn't be afraid of dropping out all over again, if you had trouble with school before. Wayne's specially prepared lessons make even difficult subjects much easier to take. And Wayne grades your assignments in private, by mail. You're free from competitive classroom pressures. You stay relaxed, and your progress is much smoother.

If you're 17 or over and not now in school, send the coupon below to receive — by mail — Wayne's free booklet "How to finish High School at home." Wayne will also be glad to ask its local representative to contact you and answer any other questions you may have about finishing high school at home. No obligation.

How a hand, an ear, a man who can moo and some bike-riding bears may start your 2 to 6 year old on reading...

Illustrations with ** © 1970 by Dr. Seuss

"DR. SEUSS'S ABC"

yours **FREE** from The Beginning Readers' Program

with these **4** BRIGHT AND EARLY BOOKS all for only **$1.95**

($10.00 value)

Now, some of the most unusual creatures ever to frolic through the pages of a book are here, to show you: child how much fun learning to read can be. Your little one will meet them in BRIGHT AND EARLY BOOKS, the remarkable books created by Dr. Seuss and his friends for 2 to 6 year-olds.

Take a look at the books, and you'll know why children fall in love with them. First, there are the wonderful wacky characters—"reading teachers" so entertaining they'll hold your child's attention from first page to last! Then there are the subjects . . . of vital interest to your little one, now, in the early years when he's intent on discovering everything there is to know about himself and his exciting world.

For example, his own ears and what they hear; tongue-tickling sounds he can make; his hands and what they do; and (with the help of some bike-riding bears) he can even learn to count and find out how numbers work.

The sparkling little words and catchy rhymes in BRIGHT AND EARLY BOOKS encourage a child to try reading. And the marvelous illustrations help, too. Youngsters can't resist them . . . and as they pore over them they begin to put the words and pictures together. Soon, with some help from Mom or Dad, a child may discover he's actually reading *on his own!*

From this happy start—on to bigger things!

The four BRIGHT AND EARLY BOOKS shown here are the starter books in the BEGINNING READERS' PROGRAM. At the publisher's catalog price, they cost $10.00. But, as an introduction, you may have all four for only $1.95. They can get your little beginner off to a happy start in reading. And then it's an easy glide right into reading regular BEGINNER BOOKS . . . for they begin where BRIGHT AND EARLY BOOKS leave off!

As a member of the program, your child will receive a BEGINNER BOOK each month, and you will be billed only $1.95 (instead of the retail price of $2.50) plus delivery. *(The postman will bring the package addressed to your little one, in his own name!)* You may cancel membership at any time.

Enjoy this 10-day treat FREE!

Can these delightful "reading teachers" charm *your* child into reading? Before you decide, see the books for yourself . . . and let your child enjoy them. You and your little one must be delighted, or you may return the four introductory books within 10 days and owe nothing.
